## RE-STARTING OUTDOOR COMPETITIVE GRASSROOTS FOOTBALL – SUMMARY COVID-19 GUIDANCE

**FOR CLUBS, PLAYERS, COACHES, CLUB OFFICIALS, CLUB WELFARE OFFICERS, MATCH OFFICIALS, LEAGUE OFFICIALS, VOLUNTEERS, PARENTS/CARERS SPECTATORS AND FOOTBALL FACILITY PROVIDERS – Published: 18 July 2020**

This document outlines actions to be taken before, during and after all competitive grassroots football activity in England. It should be read in conjunction with the latest UK Government Covid-19 guidance available [here](#) and the more detailed guidance document produced by The FA, available [here](#).

In outdoor competitive training and matches, physical contact is now allowed, but for all other activity (e.g. warm-ups/cool-downs) the Government guidance on social distancing should be observed, read [here](#). Should Government guidance change in response to the current Covid-19 Alert Level, The FA guidance will be updated accordingly.

### BEFORE ACTIVITY

- Everyone should self-assess for **Covid-19 symptoms** before every training session or match. If you are symptomatic or living in a household with possible or actual Covid-19 infection you must not participate or attend. You should stay home and follow the latest **Government guidance**.
- Clubs/facility providers should appoint a Covid-19 officer and conduct a thorough **risk assessment** before re-opening or re-starting competitive activity. They should also follow current **'NHS test and trace'** protocols, such as keeping an attendance register.
- Personal hygiene measures should be carried out by everyone and hand sanitisers brought and used at the training/match venue.
- The sharing of kit and equipment should be avoided, but where equipment is shared, it must be cleaned before use by another person.
- Goal posts and corner poles should be wiped down before matches, after matches and at half time.
- Follow Government guidance for travel, including minimising use of public transport.
- Active participants should arrive changed and ready to take part.
- Youth team coaches should re-acquaint themselves with all safeguarding policies and procedures.
- Meet-up times should be adjusted to avoid time spent congregating at a venue.
- Use of clubhouses, hospitality facilities, changing rooms and toilets must adhere to **Government guidance**.

Anyone who is deemed vulnerable in respect of Covid-19 is reminded to follow the Government's guidance, only returning to football when it's right for them to do so.

### DURING TRAINING & MATCH PLAY

- Competitive training can take place for all participants, in an outdoor setting provided this takes place in groups of no more than 30 (including coaches).
- Competitive match play is permitted, with social distancing in place before and after the session, and in any breaks in play.
- The sharing of kit and equipment should be avoided and participants should bring their own drinks or refreshments, in named containers.
- When the ball goes out of play, it should not be retrieved by non-participants and should be retrieved using the feet rather than the hands where possible.
- Participants must not spit and should avoid shouting or raising their voices when facing each other, as detailed in The FA Covid-19 Code of Behaviour.
- Set plays: players are encouraged to avoid unnecessarily long set-up or close marking. Other modifications apply to specific situations, such as goal celebrations being discouraged. Read more in The FA's more detailed guidance [here](#).
- Youth football coaches are encouraged to limit persistent close proximity of participants during match play and training.
- Observing rigorous hygiene standards, injuries can be treated. See full guidance [here](#).
- Spectator groups should be limited to six people per group and spread out in line with wider **Government guidance**.
- Match fee payments should be cashless – consider using **The FA Matchday App**.
- Small-sided football should include more regular hygiene breaks in activity and players discouraged from touching or tackling against boards.

### AFTER ACTIVITY

- Hands should be washed at the earliest opportunity and personal equipment should be wiped down with a disinfectant.
- Unless absolutely necessary, participants should take their kit home and wash it themselves, or by family members. Post-activity showers should be taken at home.
- Everyone must continue to maintain **social distancing** including in any facilities where groups of people congregate (e.g. clubhouses).
- Everyone should leave following the traffic-flow system the club or facility provider has put place.
- Anyone who becomes infected after training/matches should report this to the **NHS test and trace system**.
